St. Petersburg Yacht Club’s Vintage Motor Classic: A Huge Success

By Dennis J. Magee, Editor

Just nine years ago Bill Waters created the St. Petersburg Yacht Club Classic Car Show and had 35 cars in attendance. I was also there for his first show and for many afterwards. This years there were 282

vehicles including automobiles, boats, and motorcycles, a record number and phenomenal growth. Of those numbers, there were 54 British vehicles, 20 per cent of the total in attendance. The British cars were represented by MGs, Austin Healeys Triumphs, Jaguars, Sunbeams, Austin Martins, Bentleys and Rolls Royces, a fine collection of outstanding cars.

This years show benefited the Society Prevention of Cruelty to Animals (SPCA) and raised \$600 for the charity. They had four dogs adopted during the show. Of particular interest was the flyer advertisement for the car show, which featured an MG with a cat and dog as passengers.

Club members taking trophies were: Dave Wilgus with his MG-PB; Lee Strickland—MGB; David Knight—MGB; Bruce Rauch-MGA; Rich Olson-MG-TD; and Phil Ross with his Triumph 1800.

There is always something special about this show as it is a kick-off for the holidays and also falls on the weekend that St. Petersburg celebrates the “Rib Fest” festival, which permits the several thousand who attend the “Rib

Fest” to visit the Vintage Motor Classic as well. It is estimated that five to eight thousand spectators visited the car show. The Vintage Motor classic has become an integral part of the “Rib Fest” festival and a very important for the City of St. Petersburg and the local merchants. It is a Win-Win for everyone.

Being that the yacht club sponsors this event, it is first class all the

way. When you arrive, there is hot coffee and Danish rolls waiting for you. The yacht club facility is open to the attendees, along with the restaurant and the outside grill, serving a vast selection of refreshments.

Club members—Bobby and Lee Strickland with their white MGB

Bill Waters and staff offered a very warm welcome to the car show attendees. Bill has been leading this show for nine years and has done a fantastic job. We are already looking forward to 2012 and another increase in car attendance with new features to make this a more memorable event.

Moon Under the Water

By Jean Magee

On Saturday, November 12th, twelve FSCMGCC members braved the traffic and parking challenges on St. Pete's Beach Drive created by Rib Fest attendees to partake in a most enjoyable lunch at Moon Under the Water. *(If you are like me, you probably wondered where that name came from. See the tavern's website @ <http://www.themoonunderthewater.com/>)* We were

rewarded with great food and a m i a b l e conversation in a striking British Colonial décor with a lovely view of the park and waterfront.

The weather was fantastic, and the energy of the city was stimulating! We were having so much fun that we were reluctant to part company. But, some of us had to go grab a nap before

driving back downtown to attend the pre-event cocktail event that evening for the St. Petersburg Yacht Club show which was held the next day. So many car events, so little time ...!

The Florida Suncoast MG Car Club Monthly Minutes Summary, November 2011 November 9, 2011

President Glenn Lenhard called the meeting to order at 7:36 p.m.

The Secretary's Report and the Treasurer's Report were approved as presented.

Membership Report: There are currently 80 member/families.

Regalia: Contact Barrie Carson if you would like to purchase any Club regalia.

Past Activities:

October 22 – All British Car Show – Mike Silvernail placed 2nd in the MGA group.

There were over 200 cars in attendance and the weather was perfect. Our Club had the most members registered for the event.

October 28 – 29 – Brit Bash – Sandra & Nigel Petch said that it was very rainy.

Future Activities: Glenn briefly outlined upcoming activities. See Activities in this Informer.

Glenn asked members to help plan activities and Breakfast Club events for 2012.

Newsletter: Deadline for articles is November 20th.

Old Business:

* Northeast High Project – There wa nothing new to report.

* NAMGAR Regional event for April 2013 –We have learned that NAMGAR plans to host a National event in Asheville, NC in June 2013, which would attract many people who would normally attend a regional event. After discussing the issue, it was decided to postpone our Regional one year and host the event in 2014 or possibly in the Fall of 2013.

* 2012 Officers & Board of Directors:

President: Glenn Lenhard

Vice President: Bruce Rauch

Treasurer: John Lester

Secretary: Gail Lenhard

Board of Directors: Ted Badger, Dennis Magee, Mike Silvernail & Dave Wilgus

New Business:

Moss Motors invites Club members to send in stories & photos for their magazine, British Motoring, to David Stuursman (StuursmanD@mossmotors.com) on two themes:

1. "This is what I think it takes to make a Club work..."

2. "Let me tell you about this one time when our Club..."

Gail suggested adding David Stuursman to our email list for newsletters.

Announcements: Glenn won the 50 – 50 Raffle.

The meeting adjourned at 8:14 p.m.

Gail Lenhard, Secretary

FSMGCC

Thank you - From the Desk of Bob Cannarella

Florida Suncoast MG Car Club:

I just wanted to send along a short thank you for your prayers, card, call and your continued expression of concern.

We have been and continue to be blessed by God and we know God is in control of my situation and this is very comforting. Deb and the kids have been great through it all and I know how blessed I am to have such a great supportive family. I know that God plan for my recovery is perfect and no matter what the outcome and I am fully confident and feel absolutely no concern at all. If possible please post this in the monthly newsletter so I can express my appreciation to all club members. We will see you guys in the near future.

Take care. Bob C

History

In August of 1980, a few friends got together and decided to form a club for MG owners. Later that year, they incorporated as the Florida Suncoast MG Car Club, Inc. Finally, after a lot of work, the club was ready to be listed with the International MG Car Club, Ltd. as the second official center in the state of Florida.

Today we are the most active MG car club in the Tampa Bay area. Our members include owners of MGs for everyday transportation, show car collectors, professional mechanics, and auto enthusiasts interested in preserving classic cars as a part of our social and industrial heritage.

Memberships

New members are the life-blood of the organization, bringing with them fresh ideas and enthusiasm. Club membership is open to all individuals interested in the MG motorcar, whether they own a car or not. Membership entitles the entire family to participate in the activities of the Club.

Purpose

The main purpose of the Club is to promote knowledge, understanding, maintenance and preservation of the MG while enjoying the thrill of driving a true sports car and the fun of lighthearted social activities with members who share a common interest.

Meeting and Activities

The Club's activities include: car shows, parades, rallies, car clinics, tours, picnics, camp-outs, parties and interclub functions. Club members are invited to participate in as many as they choose – the more the merrier! The Club has a Monthly Meeting, held on the second Wednesday of each month, except July and August where the meeting will be held at the Breakfast Club event. Wednesday's meetings start at 7:30 pm.

Morris Garages Informer

All members receive our monthly newsletter, the Morris Garages Informer. It includes reports of events, an activities calendar, classified ads from members, updates of the last meeting, technical tips pertinent to the MG, and current information relating to the collector car hobby.

A Classified Ads Section is open to all Members free of charge. Members may personally advertise MG cars and parts they wish to buy, sell or trade.

Is Oil Killing Your Car? Solve Your Oil Problem Now

Mr. Moly Oil supplement

Mr. MOLY Engine Oil Supplement is a colloidal suspension of molybdenum disulfide (MoS₂) in a high grade, multi-viscosity engine oil that contains anti-foam agents and corrosion inhibitors. It is NOT an oil modifier. It uses the engine oil to carry the 0.5 micron particles (that's 0.0005 mm diameter) of MoS₂ to critical engine components.

Mr. MOLY Engine Oil Supplement plates onto engine surfaces providing a protective barrier that will sustain loads in excess of 200,000 psi

This thin film of Mr. MOLY prevents metal-to-metal contact between moving parts and effectively eliminates wear. The low coefficient of friction of molybdenum disulfide (MoS₂) allows the plated metal parts to glide by each other with reduced friction and heat. The plating action of MoS₂ ensures that the protection is there even when the oil has drained off. This is particularly important at startup or in the event of oil or coolant failure.

Break-In New/Rebuilt Engine Oil Supplement

Break-In is a soluble molybdenum together with anti-foaming agents and corrosion inhibitors specifically designed to increase the load capacity of oil in the initial and critical first hours of operation in new and rebuilt engines.

Even with extensive machining and honing of the surfaces on new or rebuilt engines, under microscopic view these surfaces (i.e. rings to cylinder wall, cam to lifters) look like two mountain ranges passing over each other. As these peaks pass over each other, they actually weld together and then shear apart, creating tremendous friction and heat. This is the reason why new or rebuilt engines will run at higher than normal temperatures during the break-in period. Break-In helps to eliminate scuffing and scoring and promotes the flowing out of metal high points. These high points are flattened, not broken away.

Break-In is ideally suited for performance type engines in cars and boats where the luxury of a normal break-in period at low speeds is not available. In normal everyday use, the benefit of using Break-In in the engine's early life will ensure a longer life and delay, by thousands of miles, the inevitable costly rebuild.
