It's Gotta Be Fun"

October 2007

Irish Eyes Were Smiling

By Dennis J. Magee, CPM, Editor

There were Irish eyes smiling at Flanagan's Irish Pub on September 15, 2007 when over 40 members attended the Florida Suncost MG Car event in honor of Glenn Lenhard, of Glenn's MG and his wife, Gail. Due to the thirst, the Irish beer was absorbed by the lips and never made it way down according to many in attendance as they celebrated and joined in the fun. Many members stated that this was one of the best events attended and many of the old timers were on hand. There were plenty of sing-alongs as we were entertained by a Irish Singer, and countless Irish ballads. Irish culinary skills were at their best from Irish Stew to Fish 'n Chips, and of course Guinness and Harp to liven the spirit.

Best of all, was the opportunity by all to extend the clubs gratitude to Glenn and Gail for their support

of the MG Club over the many years, with their countless hours of dedicated service and financial support. Mid-way through the celebration, Glenn was presented with an honorary Irishman Certificate which stated, "Be it known far and wide that Glenn Lenhard, has been appointed and anointed as a honorary Irishman and is entitled to all the benefits, blessing, and gift to gab, and is further appointed to the Blarney Castle Oratory Society, this 15th day of September, in the hear of our Lord Two Thousand and Seven, and signed by Dermot McCarthy, Lord of Blarney Castle. At that point in time, Glenn explained that he was half Irish as his mother was a Fitzpatrick. As the crowd started to depart, one could hear a slight whisper remarking that Glenn was an

“Wild Irish Rogue” in his youth, and as I looked to Glenn I could see a twinkle in his smiling Irish eyes.

Two Members Win at The Fox Lake All British Car Show

By Dennis J. Magee, CPM, Editor

Two members of the FSMGCC left Titusville as winners in the Fox Lake All British Car Show on September 22, 2007. Ed McCarroll took First Place in the Lotus Class with his 1969 Lotus and Dennis Magee received the Third Place trophy for his 1980 MGB.

Magee's 1980 MGB

was over.

There were six winners from the Suncoast British Car Club, with Barry Alexander taking Best of Show with his 1937 Sunbeam.

Dennis Magee and Ed McCarroll with winning trophies

Glenn Works His Magic

By Dennis J. Magee, CPM, Editor

Glenn of Glenn's MG, St. Petersburg again worked his magic at the Fox Lake All British Car Show Tech Session, with his vast knowledge of British Cars, and his ability to diagnosis various problem with little effort. Glenn also gave a short lecture on the similarity of the British Cars, their parts, and how they were constructed/built—all following the same logic. It is a real pleasure to watch a true artist/mechanic perform brilliantly and pass along vast amount of technical knowledge to the every day LBC owner. Several show attendees had their car diagnosed and used as examples for proper diagnosing techniques and a demonstration of new and improved tools used in these processes.

The Florida Suncoast MG Car Club Monthly Minutes Summary September 12, 2007

In Pres. Steve McDowell's absence, VP Barrie Carson called the meeting to order at 7:25 p.m. and introduced Bruce & Bert Rauch who spoke on their NAMGAR Key West trip in April, 2007 and showed a DVD of the event.

Secretary's Report: A motion was approved to accept the August 8, 2007 minutes as printed in the Informer with one correction – the meeting call to order time was 7:45 p.m. Vera Kearney will take minutes for the October 3rd Board of Directors meeting and the October 10th Monthly Meeting, in Gail Lenhard's absence.

Treasurer's Report: Dave Tietz stated that the Club has a favorable balance with no outstanding bills.

Membership Report: Barrie Carson stated that the Club currently has 99 member/families.

Regalia: Barrie Carson brought blue Club MG tee shirts, which sell for \$10.00 each. If anyone wants to purchase personalized nametags, send him a picture of the car.

Past Activities: The August 18th Devil Rays baseball game was a good time. A write up was in the last issue of the Informer. Many members turned out for the August 25th Breakfast Club event at the Brown Dog Café in St. Pete, hosted by Dianne & Dave Tietz. The food and company were great.

Future Activities: Bruce Rauch read off the list of upcoming activities. He encouraged a good turn-out from our Club to the October 12 – 14th Rendezvous 2007 event in Tallahassee. He reminded the members that the Big Bend Club has always supported our MG Jamboree and that we should reciprocate. Other future activities include:

September 15th – Club Social – Irish Pub Adventure in Dunedin hosted by Jean & Dennis Magee, honoring Glenn Lenhard for his many contributions to the Club.

October 6th – Dream Factory of Florida “Dream Rides Car Show” in Gibsonton from 4-7 p.m. The Dream Factory is committed to making dreams come true for critically and chronically ill children. All proceeds go directly to the foundation. Contact Bert Rauch at 727-576-9474.

Friday – Sunday, October 12 – 14th – Rendezvous 2007 in Tallahassee hosted by Big Bend MGs. A caravan will leave the Derby Lane Dog Track on Gandy Boulevard in St. Petersburg at 9:00 a.m., traveling up the Suncoast Parkway and on to Tallahassee. Contact Bruce Rauch (727-576-9474) for more details. For hotel reservations call 850-386-1027 and mention “Rendezvous 2007” for discount rate.

October 20th – Plan on leaving the Derby Lane Dog Track at 8:30 a.m. for the 2-plus hour drive to Mt Dora to experience the Long & Scott Farms Corn Maze. The group will experience the smaller maze, which will take approximately 45 minutes to complete. The farm is a working farm and there will be a farmers market as well as attractions for children. After the maze, the group will go into Mt. Dora for lunch and exploring before heading home. Contact Bruce for more information. Check out the website: www.longandscottfarms.com

October 27th – Breakfast Club Event at Acropol Restaurant, 1170 Starkey Road, Largo at 8:30 a.m. prior to All British hosted by Gail & Glenn Lenhard

October 27th – All British Car Show & Auto Jumble, Clearwater's Crest Lake Park

November 11th – St. Petersburg Yacht Club Vintage Car Show.

November 17th – Join Dot & Harry Britton at The Tampa Bay Performing Arts in downtown Tampa at 8:00 a.m. for breakfast and a behind the scenes tour of the facility. Harry has arranged for the Club to park at the TBPAC center. The group will walk a few blocks to First Watch Restaurant for breakfast, returning to TBPAC by 10:00 a.m. for a guided tour.

December 1st – Santa Parade followed by Lunch at Chattaways – hosted by Gail & Glenn Lenhard

December 9th – Christmas Party & Installation of Officers hosted by Kathy & Steve McDowell
Old Business:

Ridge Art Festival and Car Show – Dennis said that the next meeting would be the same night as the BOD meeting, October 3rd. He is working on sponsors and had received permission from the Ridge Art Society to allow one vendor. He has contacted our member Jeff Zorn of the Little British Car Company. The posters will be digitally printed. There will be several trophies awarded. The registration fee is \$15. The date is March 16, 2008.

Newsletter: Dennis had requested that all articles be submitted by September 20th.

Nominations for 2008: Glenn Lenhard said that he would be making phone calls soon requesting volunteers to serve as officers for next year. Gail has agreed to be the Secretary again. If anyone would like to volunteer to serve, please contact Glenn at glenn@glennsmg.com.

Dave Tietz said that the Club received an email invitation to participate in the Miata Club's Vintage gymkhana. Contact him for more information.

Hagerty Insurance has requested our Club roster. The members have voted not to provide it to them.

New Business: There will be a Board of Directors meeting on Wednesday, October 3rd at 7:00 p.m. Everyone is invited to attend. The location will be determined.

Announcements: Bobbie Strickland was the winner of the 50 – 50 Raffle.

Guest Speakers are needed for the October and November meetings. Contact any of the officers, if

you would like to speak at one of the meetings. The meeting adjourned at 8:31 p.m.

Is Oil Killing Your Car? Solve Your Oil Problem Now

Mr. Moly Oil supplement

Mr. MOLY Engine Oil Supplement is a colloidal suspension of molybdenum disulfide (MoS₂) in a high grade, multi-viscosity engine oil that contains anti-foam agents and corrosion inhibitors. It is NOT an oil modifier. It uses the engine oil to carry the 0.5 micron particles (that's 0.0005 mm diameter) of MoS₂ to critical engine components.

Mr. MOLY Engine Oil Supplement plates onto engine surfaces providing a protective barrier that will sustain leads in excess of 200,000 psi

This thin film of Mr. MOLY prevents metal-to-metal contact between moving parts and effectively eliminates wear. The low coefficient of friction of molybdenum disulfide (MoS₂) allows the plated metal parts to glide by each other with reduced friction and heat. The plating action of MoS₂ ensures that the protection is there even when the oil has drained off. This is particularly important at startup or in the event of oil or coolant failure.

Break-In New/Rebuilt Engine Oil Supplement

Break-In is a soluble molybdenum together with anti-foaming agents and corrosion inhibitors specifically designed to increase the load capacity of oil in the initial and critical first hours of operation in new and rebuilt engines.

Even with extensive machining and honing of the surfaces on new or rebuilt engines, under microscopic view these surfaces (i.e. rings to cylinder wall, cam to lifters) look like two mountain ranges passing over each other. As these peaks pass over each other, they actually weld together and then shear apart, creating tremendous friction and heat. This is the reason why new or rebuilt engines will run at higher than normal temperatures during the break-in period. Break-In helps to eliminate scuffing and scoring and promotes the flowing out of metal high points. These high points are flattened, not broken away.

Break-In is ideally suited for performance type engines in cars and boats where the luxury of a normal break-in period at low speeds is not available. In normal everyday use, the benefit of using Break-In in the engine's early life will ensure a longer life and delay, by thousands of miles, the inevitable costly rebuild.

Ceramic Brake Pads Now Available for MGB \$39.99

These pads use ceramic compounds and copper fibers in place of the semi-metallic pad's steel fibers. This allows the ceramic pads to handle high brake temperatures with less heat fade, provide faster recovery after the stop, and generate less dust and wear on both the pads and rotors. This allows the ceramic pads to handle high brake temperatures with less heat fade, provide faster recovery after the stop, and generate less dust and wear on both the brake pads and rotors.

Another characteristic that makes ceramic materials attractive is the absence of noticeable dust. All brake pads produce dust as they wear. The ingredients in ceramic compounds produce a light colored dust that is much less noticeable and less likely to stick to the wheels. Consequently, wheels and tires maintain a cleaner appearance longer.

Ceramic pads meet or exceed all original equipment standards for durability, stopping distance and noise. According to durability tests, ceramic compounds extend brake life compared to most other semi-metallic and organic materials and outlast other premium pad materials by a significant margin - with no sacrifice in noise control, pad life or braking performance. This is quite an improvement over organic and semi-metallic brake materials that typically sacrifice pad life to reduce noise, or vice versa.

Ceramic pads meet or exceed all original equipment standards for durability, stopping distance and noise. According to durability tests, ceramic compounds extend brake life compared to most other semi-metallic and organic materials and outlast other premium pad materials by a significant margin - with no sacrifice in noise control, pad life or braking performance
